

STATEMENT OF PURPOSE

RS30028 / H0057

The purpose of this bill is to streamline the process for disabled veterans who receive a disabled veteran's license plate to receive a placard for their second vehicle. Currently they must go thru the process for a disabled placard a second time. This bill will simplify the process so that they will only need to file one time to receive a disabled veteran's plate as well as a placard.

FISCAL NOTE

The Idaho Transportation Department estimates one-time development costs of \$12,000. The department would not pursue this funding, but absorb these one-time costs. There will be no impact to general funds or local funds, only the department's dedicated funds.
